The State of Utah and the Office of Industrial Technologies Present The Utah 2001 Industry Showcase

**August 27-29, 2001
Sheraton City Centre,
Salt Lake City, UT**

**For more information please call
Toll free: 877-OIT-7967**

**Visit Showcase information on our
Website: www.oit.doe.gov/**

Who will be here?

- Industry decision makers
- Plant managers
- Technology experts
- Universities/national laboratory researchers
- Equipment suppliers
- Members of Congress
- State and federal government leaders

Why should you be here?

- See the newest technologies in actual operation
- Learn about new opportunities for funding plant improvements
- Hear the latest news on dollar and energy saving methods
- Network with industry and government leaders
- Attend a Congressional Forum on the future of Aluminum, Mining, and Petroleum

Showcase theme

- To support, promote, and highlight the use of advanced technologies in aluminum manufacturing, petroleum refining, metalcasting and mining in Utah and the Nation

What conference participants will discuss

- The future of Aluminum, Mining, Petroleum and Metalcasting in the United States
- Plant technologies
- Research and development
- Federal government funding opportunities
- State of Utah Aluminum, Mining and Petroleum initiatives
- Best Practices for higher productivity

Showcase Co-Sponsors

- **Alcoa**
- **Chevron**
- **Flying J**
- **Kennecott**
- **MagCorp**
- **Silver Eagle**
- **The State of Utah**
- **The United States Department of Energy**
- **Office of Industrial Technologies**
- **Utah Department of Energy**
- **University of Utah**

Plant Tours:

Energy Efficiency Technology in Action

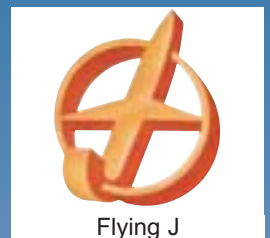

Plant tours have been specially arranged for participants to see advanced technologies and practices in operation. As part of the showcase, participants may tour Alcoa, Chevron, Flying J, Kennecott, Magcorp, or Silver Eagle's plants. Please see registration form for information on tours.

Breakout Sessions Addressing

- Utah Industry Best Practices & Emerging Technologies in Aluminum, Metalcasting, Mining, and Petroleum
- Tools for Energy Efficient Process Optimization
- Utah State Industry of the Future initiatives

Showcase Exhibit Highlights

The showcase exhibits will feature a display of advanced technologies and practices from both industry and government/industry development programs. The Exhibit Hall "Marketplace" is the center of Showcase activity.

Invited Speakers Include

The Honorable Spencer Abraham

Secretary of Energy

The Honorable Michael Leavitt

Governor of the State of Utah

Industry Chief Executive Officers

Congressional Forum

Attend a Congressional Forum where local members of Congress and industry CEO's will discuss the future of the Aluminum, Mining, and Petroleum industries.

University Student Participation

In Support of Governor's Leavitt's initiative to double the number of technology-related graduates from Utah's Universities by 2005, the Opening Reception will include a poster session featuring a selection of student projects. These will remain up throughout the Showcase. Students from local schools will also be invited to see Government in action and learn about issues facing Utah's manufacturing industry at the Congressional Forum on the final day of the showcase.

Hotel Reservations

A special room rate of \$139 single/double plus 10.95% tax, is available at the Sheraton City Centre for the Utah Showcase. (A limited number of rooms are available at the government rate.) You may reserve your room by calling the hotel directly at 801-401-2000 or 800-421-7602 and mention the Department of Energy Utah Showcase. This rate is good through July 31, 2001 based on availability.

The hotel will require a credit card number or a deposit when you make your reservation. You may cancel your reservation without penalty up to 24 hrs in advance of your scheduled arrival.

Utah 2001 Industry Showcase
